Dear Dr. Boggild, I cannot express to you how much your mentorship over the past 2 years has meant to me. My medical school journey would not have been the same had I not joined the Boggild lab. Thank you for being both a professional and personal role-model for myself and countless other women who aspire to succeed in medicine and in any profession for that matter. I look forward to many more years working with you!

Hi Dr. Boggild! I say this every year and will be saying it for the upcoming years – thank you so much for being such a great support to everyone on the team. I'm curious to see how you will outdo yourself next year! Happy Holidays! P.S I oddly don't have a picture of us being right next to each other, so I've taken creative liberties – we shall take one together next year!

Jason Kwan

Dear Dr. Boggild, Thank you for all that you do! You are one of the the hardest working people I know and your efforts do not go unrecognized. Thank you for continuously providing me with opportunities, believing in me, instilling confidence in me and pushing me to be the best version of myself. It means more than you will ever know. I appreciate you and am blessed to call you my mentor. You are truly a force to be reckoned with!

Hi Dr. Boggild! I would just like to say thank you so much for providing me with such an amazing opportunity to be a part of your lab. Being a part of a research lab was only just an imagination for me back in first year as I always doubted myself and feared I wouldn't be accepted anywhere as a Filipina in STEM. It truly is a dream come true to be a part of your lab and I really thank you so much for providing me as well as so many other students of diverse backgrounds with this opportunity. I hope to meet you one day soon and I wish you a very happy holiday season. Take care always and thank you again :)
